

Graduate Exit Survey

On Program Outcomes(POs) and Program Specific Outcomes (PSOs)
5 – Excellent 4 – Very Good 3 – Good 2 – Average 1 – Poor

* Required

Email address *

Your email

Name *

Your answer

Year of graduation *

Your answer

1. What is the impact of Engineering knowledge on study of mathematics, science, engineering, fundamentals, and an engineering specialization to the solution of complex engineering problems? *

- Poor
- Average
- Good
- Very Good
- Excellent

2. Are you able to analyse a problem to identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences? *

- Poor
- Average
- Good
- Very Good
- Excellent

3. How comfortable are you in Design/development of solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations? *

- Poor
- Average
- Good
- Very Good
- Excellent

4. How far you are able to conduct investigations of complex problems to use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions. Experiments as well as to analyse and interpret data. *

- Poor
- Average
- Good
- Very Good
- Excellent

5. At what level do you use Modern tool usage to Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations. *

- Poor
- Average
- Good
- Very Good
- Excellent

6. How far you are able to understand the engineer and society in applying reasons informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice. *

- Poor
- Average
- Good
- Very Good
- Excellent

7. How far you are acquired the knowledge of Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development. *

- Poor
- Average
- Good
- Very Good
- Excellent

8. At what level you are able in Ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice? *

- Poor
- Average
- Good
- Very Good
- Excellent

9. At what level you are able to function on Individual and team work effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings. *

- Poor
- Average
- Good
- Very Good
- Excellent

10. How much effective are you able to communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions? *

- Poor
- Average
- Good
- Very Good
- Excellent

11. Your ability to stay updated Project management and finance to demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments. *

- Poor
- Average
- Good
- Very Good
- Excellent

12. At what level do you recognize the importance of Life-long learning and the need for the preparation and ability to engage in independent and life-long learning in the broadest context of technological change? *

- Poor
- Average
- Good
- Very Good
- Excellent

Your rating on Program Specific Outcomes(PSOs) *

Your answer _____

Your rating on Program Specific Outcomes(PSOs) *

Your answer _____

What did you like most in the department? *

Your answer

What did you like least in the department? *

Your answer

Are there any changes, resources or services that you would like to see offered to Civil Engineering students? *

Your answer

Could you provide suggestions for how to improve your graduate Program? *

Your answer

1. What is the level of Information Communication Tools (ICT) usage in the department? *

- Poor
- Average
- Good
- Very Good
- Excellent

2. What is the overall rating on the basics of Civil engineering subjects taught at the department level is helpful for your higher studies *

- Poor
- Average
- Good
- Very Good
- Excellent

A copy of your responses will be emailed to the address you provided.
