PLANTATION PROGRAM ON THE OCCASION OF NATIONAL TREE PLANTATION DAY - 2022

Event Type : Plantation Program on the occasion of National Tree Plantation Day 2022

Date / Duration : 3rd December, 2022

Sponsored by : AICTE SPICES

Event Name : Plantation program

Total no of Participants: 20

Objective of the event : Inculcating the importance of plantation among the students

Outcome of event : Students participated with enthusiasm in the plantation program and took pledge to take care of the planted sapling throughout their B.Tech program in the campus.

Description / Report on Event: The event to plant sapling in the campus was carried out on the occasion of National Tree Plantation Day 2022, apart from monthly plantation program that is being carried out by the student volunteers of Prakruthi Club. Students also took pledge to take care of the sapling by regular watering the plants as long as they stayed in the campus during their B.Tech program. This program inculcated an interest among the students and faculty about the importance of the tree plantation which can solve most of the emerging environmental problems like global warming and pollution. This practice of regular plantation will also help to develop a habit among the students to take care of the saplings they have planted.

The Principal, Dr. K. Appa Rao and Vice Principal Dr. K. Harinath Reddy along with the Prakruthi Club Coordinators Dr. Shahed Niloufer & Dr. Bhagya Lakshmi and Student volunteers actively participated in the program of planting saplings.
