Department of Computer Science & Engineering

The Computer Science & Engineering (CSE) department is established in 1998, offers undergraduate program (B. Tech) in CSE and post-graduate program (M. Tech) in CSE. The B. Tech program was started in the year 1998 with an intake of 48 students. The intake was subsequently increased to 60 students in the year 1999, 90 students in the year 2008 and 120 students in the year 2009. The M. Tech was started in the year 2008 with an intake of 18 students. The department is having well qualified and experienced faculty members. The faculty is a perfect blend of different specializations in Computer Science & Engineering to impart their expertise in handling diversified courses in the UG and PG programs. The teaching methodology in the department goes beyond fulfilling the syllabus requirements of the University, to meet the today's industry needs. Faculty motivates and guides the students to do projects in core subjects. Special focus will be given to develop communication and soft skills. The department is having strong association with industry to uplift the student's practical knowledge.

An R&D center has been established in the department to take up Research projects and to cater the needs of the faculty for their research work. The department of CSE has been recognized as the research center by JNTUK, KAKINADA and KRISHNA UNIVERSITY, MACHILIPATNAM. The department of CSE also have the collaboration with the premier industries like CISCO, IBM and MICROSOFT and has established their excellence centers in the department.

All the laboratories in the department is established spaciouly with additional equipment. The equipment student ratio is maintained as 1:1. In addition to the Central Library, a library is functioning in the department with 960 volumes to extend reference facility to the faculty and students. Audiovisual classes are conducted as per Timetable to gain the information regarding latest technologies in the field of Computer Science & Engineering. Internet facility LAN and WIFI is provided to students also, so that they can survey literature for the purpose of paper presentation, mini projects, term papers and projects.
