Being local course coordinator, please make sure to have 20 or more registered participants (Faculty or PhD research scholars only, **funding is not available for UG/PG students**) at your institute.

We will incentivize local coordinator's honorarium for every extra participant after a minimum of 15.

We will send the list of participants registered at each center a day before the FDP start date, please print that for attendance and do let us inform (before end of the day) if someone is missing/added mistakenly/chose the wrong center, so that we can prepare a final list of participants for each center and share before the next day.

We will be testing NKN connectivity today or tomorrow, link will be shared with you shortly. All other modalities will also be shared by the course coordinator.

Warm Regards
 Shailesh Sharma, PhD
