#### **INTRODUCTION TO I-CAMPUS**

Fed up with struggling with a system, which seems to add to your workload, which doesn't work the way your colleges does?

Do you want a scalable computerized system with plenty of timesaving features that help to

get jobs done accurately and quickly?

Do you want professional-looking reports and correspondence?

......Then look at "I-CAMPUS".

#### I-CAMPUS (EXAM MODULE) DESCRIPTION:

I-CAMPUS Exam Module is a complete and customized solution for Autonomous colleges to handle all the Examination related work. By going through the flow of application one can easily maintain its student details, Exams details, Exam wise fee details, subject details, Exam scheduling, and OMR Recognisation Details with hand writing also. This software includes the User-friendly menus can easily generate all the reports.

#### ARCHITECTURE:

#### Modules:

As per requirement of Colleges we analyzed that, I-Campus application consists of the following modules.

I-Campus Software has 3 types of stakeholders namely- Admin, Staff and Students. Admin can use all above mentioned module features. Staff and Students can only access the modules which are given by the Admin.

The administrator is the super user of this application. Anyone except admin cannot enter into this page. The admin can allow staff & students and can give privileges that which portion they can access. The administrator will have all the information about all the users and administrator & about the entire information regarding to the application.

## Working Procedure of I-Campus:

> This application contains the login form.

This module contains all the information about the authenticated user. User without his username and password can't login, if he is only the authenticated user then he can enter to his login and he can see the all the information related to the application.

> After Successful login of users, application's home page will be displayed according to their login rights.

6 DBASE SOLUTIONS innovation through !deas...

The Above Sub module provided the Courses, Branch and Papers. Once the user enters the code in any section, Description of that code will be displayed, incase of record existence, The user can modify and delete that record, otherwise user have to enter code, description and press save to add new record, when entering the papers section credits, elective, practical etc. steps should be entered carefully, once the data entered in theory, internal, Practical then total, theory pass total pass will be calculated automatically.

## > Subject And Semester Grade Master:

In this module user/admin has to enter Regulation wise marks range to apply grade and grade points. In Semester module has to enter SGPA range to allot Semester Grade.

## PRE EXAM MODULE:

## > Exam Registration:

Once the user entered the REGNO, in case of supplementary candidates, semester wise failed papers will be added to the list, and also opted papers will be added to opted list in case of any.

# > Revaluation Registration:

## > Student Screen:

In this module candidate wise back logs and regular papers will be shown and semester wise fee particulars(According to fee structure) will be shown and before going to pay the exam fee, student can see his/her semester wise subjects to be appeared and fee to be paid.

The Above form contains the registered numbers Vs Internal/Practical marks entry.

# > Bundles Entry:

In the above form user has to enter bundle number and total scripts in each, which is used for the bundle checking after scanning the OMR Sheets.

## > OMR Screen Check:

- In the above form, we recognize not only bubbles we do it for hand written Digits also, so that cross verification between hand written and bubbled can be done there itself.
- We recognize two hand written zones and one bubble zone, if three zones returns same marks, there is no need to verify
- If it fails to recognize same marks from three zones, we provided OMR on screen verification using this user has to enter Marks written/bubbled manually.
- By using OMR onscreen verification there is no need to search and pick physical sheet once scanned.
- By recognizing Hand written zones, there would be a provision to cross verification of recognized data, which can reduce manually verification time, up to the maximum.

The Above Structure defines the forms and reports in Result Module.

# > Moderation:

In the above forms appears the pending internal, practical and theory marks list of registration numbers and paper code.

#### Result Process:

- The above form appears the result processing for required month and year (Ex: Nov-2016), which is already created at exam master.
- If there is any moderation we do in this form (for Individual semester's only).
- We can get reports of course and branch wise percentage, subject wise percentage, failure list.

## Student History:
