DEPARTMENT OF COMPUTER SCIENCE AND INFORMATION TECHNOLOGY

DATE: 29-07-2026

CIRCULAR

This is to inform to all II-Year CS & IT Students that a **One-Day Workshop on Web Application Development** will be conducted on **31-07-2026 (Friday)** in association with the **ACM LBRCE Student Chapter**.

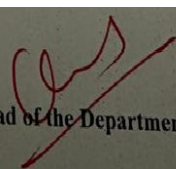

Venue: Seminar Hall (5S05)

Coordinator: 1) D. Vijaya Sri
Sr. Asst. professor

2) Ch. Malati
Sr. Asst. professor

Copy to:

- i) Department Notice Board
- ii) Circulation to II-Year A & B Sections

Head of the Department

Resource Person:

**Mr. Sai Sasank,
CEO of Innostes Solutions Pvt Ltd**

Eligibility:

- All the II-year students

About event:

One-Day Workshop on Web Application Development designed to introduce students to modern web technologies and hands-on application development. Participants will gain practical experience in building responsive web applications using HTML, CSS, JavaScript, and Node.js, while learning industry-relevant concepts, best practices, and development tools. This workshop aims to strengthen students' technical skills and prepare them for internships, projects, and careers in web development.

**LAKIREDDY BALI REDDY COLLEGE OF
ENGINEERING (A)**

**Accredited by NAAC & NBA
(CSE, CS&IT, ECE, EEE, MECH)**

**Approved by AICTE, New Delhi and
Affiliated to JNTUK, Kakinada**

DEPARTMENT OF COMPUTER SCIENCE AND INFORMATION TECHNOLOGY

Report for One Day Workshop

On

“Web Application Development”

Event Type: A One-Day workshop

Date: 31st July 2026

Mode: Offline

Organized by: Department of Computer Science and Information Technology, LBRCE.

Resource Person: Sai Sasank, CEO of innostes solutions and instedia

Coordinator(s):

- Mrs. D.Vijaya Sri, Sr. Assistant Professor, CSIT Department, LBRCE.
- Dr.Ch.Malathi, Sr. Assistant Professor, CSIT Department, LBRCE.

Target Audience: B.Tech III Semester, CSIT

Total No. of Students: 110

1. Objective of the Event:

The workshop aimed to introduce participants to the fundamentals of HTML, CSS, JavaScript, and responsive web design, enabling them to understand the process of designing and developing interactive web applications. It also focused on enhancing students' practical skills through hands-on sessions, encouraging them to build dynamic and user-friendly web applications. Furthermore, the workshop intended to familiarize students with current industry trends, improve their problem-solving and development skills, and motivate them to pursue careers and advanced learning in web development.

2. Outcomes of the Event:

- Enhanced understanding of web application development concepts.
- Improved practical skills in HTML, CSS, and JavaScript.
- Ability to design responsive and interactive web pages.
- Increased confidence in developing simple web applications.
- Exposure to modern web development tools and industry practices.
- Encouraged self-learning, innovation, and project-based development.
- Motivated students to explore career opportunities in full-stack and web application development.

3. Description of the Event:

The guest lecture was conducted by Sai Sasank an Industry expert and CEO of innostes solutions and instedia. The session began with welcome address by Dr. B.Srinivasa Rao, acting as the workshop's convener and Mrs. D.Vijaya Sri, Sr Asst. Professor, and Dr.Ch.Malathi, Sr Asst.Professor acting as the coordinator. During the lecture, Sai Sasank covered variety of topics, including:

- **Introduction to Web Technologies:** Overview of client-server architecture, front-end and back-end development, and the web development lifecycle.
- **HTML and CSS:** Creating structured web pages, designing attractive layouts, and developing responsive user interfaces.
- **JavaScript Fundamentals:** Implementing interactivity, event handling, DOM manipulation, and basic form validation.
- **Responsive Web Design:** Developing websites that adapt seamlessly to desktops, tablets, and mobile devices.
- **Hands-on Web Application Development:** Building a simple dynamic web application by integrating HTML, CSS, and JavaScript.
- **Best Practices and Industry Trends:** Introduction to modern development tools, debugging techniques, version control concepts, and career opportunities in web development.

4. Impact Analysis

The **One-Day Workshop on Web Application Development** had a significant positive impact on the participating students by strengthening their technical knowledge and practical skills in modern web technologies.

- Improved understanding of modern web application development concepts.
- Enhanced practical coding skills in HTML, CSS, and JavaScript.
- Increased confidence in developing responsive and interactive web applications.
- Familiarized students with current industry standards and development practices.
- Encouraged project-based learning and independent exploration of web technologies.
- Motivated students to pursue internships, certifications, and careers in web development.
- Strengthened problem-solving, debugging, and logical thinking skills through hands-on activities.
- Fostered interest in advanced technologies such as front-end frameworks, full-stack development, cloud-based web applications, and progressive web applications.

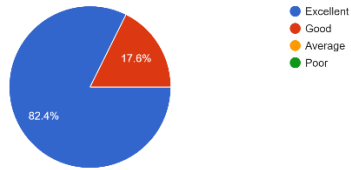

5. Feedback and Suggestions:

Feedback from participants

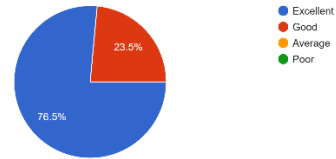

Positive feedback: Many students expressed appreciation for the speaker's expertise and found the session highly informative and relevant to their course work.

Constructive feedback: A few students suggested that's a hands-on session or demonstration of real-time applications would enhance their learning experience.

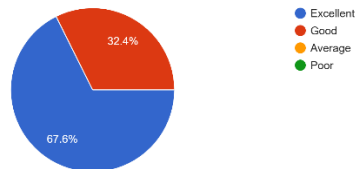

1. The objectives of the workshop were clearly explained.
34 responses

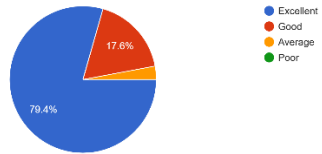

2. The workshop content was relevant to Web Application Development.
34 responses

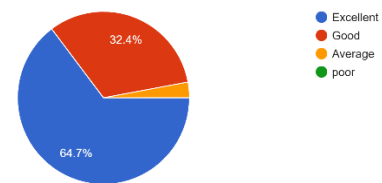

3. The workshop improved my knowledge of modern web technologies.
34 responses

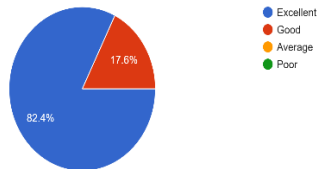

4. The workshop motivated you to learn more about Web Application Development.
34 responses

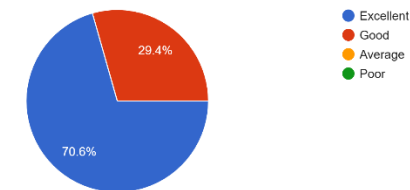

5. Did you gained practical skills that can be applied in developing web applicat
34 responses

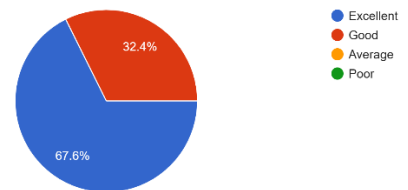

6. The resource person explained the concepts effectively
34 responses

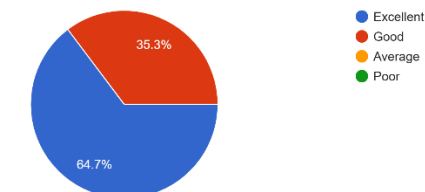

7. The pace of the workshop was appropriate.
34 responses

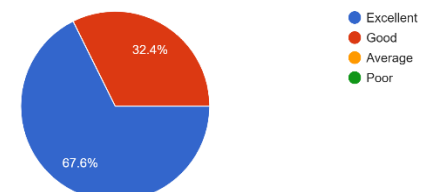

8. The hands-on activities enhanced your understanding.
34 responses

9. Did workshop met your expectations.
34 responses

10. Overall, I am satisfied with this workshop.
34 responses

6. Suggestions for Future Events:

Based on the feedback received from the participants, the following suggestions are recommended for organizing future workshops on Web Application Development:

- Conduct workshops over **2–3 days** to provide more comprehensive hands-on practice.
- Include **advanced topics** such as React.js, Node.js, Express.js, MongoDB, REST APIs, and Full-Stack Web Development.
- Organize **live project development sessions** where students can build a complete web application from scratch.
- Increase the duration of **hands-on coding exercises** and interactive lab sessions.
- Invite **industry experts and experienced software developers** to share real-world experiences and current industry trends.
- Conduct **coding challenges, quizzes, or mini hackathons** to enhance students' practical and problem-solving skills.

7. Conclusion:

The **One-Day Workshop on Web Application Development**, organized by the **Department of Computer Science and Information Technology** in association with the **ACM LBRCE Student Chapter**, was successfully conducted and achieved its intended objectives. The workshop provided participants with a comprehensive understanding of modern web development technologies, including **HTML, CSS, JavaScript, and responsive web design**, through interactive lectures and hands-on practice.

The resource person, **Mr.Sai Sasank**, effectively demonstrated the process of developing dynamic and user-friendly web applications, enabling students to gain practical experience and confidence in applying the concepts learned. The interactive sessions and discussions encouraged active participation, clarified students' doubts, and motivated them to explore advanced web development technologies.
