Name of Coordinator	:	Mr. K. Purushottama Rao, Assistant Professor
Target Audience	:	B.Tech. VI Semester Students
Total no of Participants	:	41

Objective of the event : The objective of an industrial visit is to provide us an insight regarding internal working of companies. We understand that theoretical knowledge is not enough for a successful professional career. With an aim to go beyond academics, industrial visit provides students a practical perspective of the work place. It provided us with an opportunity to learn practically through interaction, working methods and employment practices. It gives us an exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.

Outcome of event :

On completion of this Industrial Visit, Students can able to:
1. Know the actual process of Product Development in reality
2. Get the insightful knowledge about internal working about industry
