A Report on ‘Technical Assessment ’

Event: Technical Assessment

Date(s): 31st July, 2022

Resource person(s): Amphisoft , Coimbatore

Target Audience: IV B.Tech students (CRT- registered)

AI&DS/CSE/CSML/ECE/EEE/IT/ME/Civil/ASE

Total no of Participants: 800

Objectives of the Event:

- To conduct a diagnostic assessment to test & analyse student's performance in Programming skills with special focus on logic building and problem-solving skills.
- To prepare students for cracking technical assessments during various placement drives.

Detailed Report on Event:

The technical assessment was conducted in the campus in a proctored environment on the Amphisoft platform for testing student's the foundational aspects related to Programming in various languages like C, C++, JAVA, Python. The focus was on helping students to get the necessary real time experience of competitive coding and programming tests and see how they are optimizing solutions.

With 800 participants, the assessment was done in the computer labs with monitoring done by faculty.

Outcome: The students experienced the feel of the competitive coding assessment environment while analyzing real time problem statements and developing optimized, lean and scalable coding solutions.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
