A Report on ‘Train the Trainer/ Faculty Training’

Event: Technical Training for Faculty /Train the Trainer

Date(s): 29th Aug-3rd Sept,2022

Resource person(s): Training Team from NEOPAT , Coimbatore

Target Audience: Technical Faculty (Programming/Coding)

Total no of Participants: 12

Objectives of the Event:

- To provide the technical faculty in-depth training on Programming skills with special focus on real world problem statements and optimized solutioning through DSA.
- To prepare Faculty for effectively guiding students during placement training while designing training courseware and creating platform- based assessments and monitoring.

Detailed Report on Event:

The Train the Trainer program commenced with sessions on improving the foundational aspects related to Programming in various languages like C, C++, JAVA, Python. The focus was on helping Faculty to develop deep analytical skills, strong logic building and problem-solving skills. Then, in the subsequent sessions, the faculty went through hands on training in DSA with focus on working on real world problem statements and developing optimized coding solutions. The training involved classroom training, practice sessions and regular assessments for enhanced learning.

With 12 participants, the training sessions were interactive, hands-on and participative.

- **Outcome:** The faculty developed clear understanding of advanced Programming & DSA concepts and techniques while applying smarter approaches at analyzing real time problem statements and designing training courseware and creating platform- based assessments and monitoring.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
