A Report on ‘AWS Mock technical Interview Preparation’

Event: AWS Training for Pre-final year students

Date(s): 25th Jun 2022

Resource person(s): Aashu Dev, AWS Academy

Target Audience: IV B.Tech students (AI &DS, CSE, CSML, ECE, EEE, IT)

Total no of Participants: 180

Objectives of the Event:

1. To provide in-depth understanding on AWS Interview process and role specific projection.
2. To prepare students to understand the nuances of effective interview preparation with mock sessions.

Detailed Report on Event:

The Training Program commenced with discussion on AWS interview basics with a clear focus on role specific projection. Various techniques were discussed and the real-world scenarios were presented as well. The basic nuances of effective interview skills were discussed and students were put through mock sessions to experience its firsthand.

With 180 participants, the training sessions were interactive, hands-on and participative.

Outcome: The students developed clear understanding of key aspects in AWS and Cloud technologies with projections aimed at AWS and cloud. Students gained first-hand experience of interviews.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
