Target Audience: IV B. Tech students (CRT-Registered)
AI&DS/CSE/CSML/ECE/EEE/IT/ME/Civil/ASE

Total no of Participants: 700

Objectives of the Event:

- To provide in-depth training on Programming skills with special focus on logic building and problem-solving skills.
- To prepare students for cracking technical assessments during various placement drives.

Detailed Report on Event:

The Special Technical Training commenced with sessions on improving the foundational aspects related to Programming in various languages like C, C++, JAVA, Python. The focus was on helping students to develop analytical skills, logic building and problem-solving skills. Then, in the subsequent sessions, students were trained in DSA with focus on working on real time problem statements and developing optimized coding solutions. The training involved classroom training, practice sessions and regular assessments for enhanced learning.

With 870 participants, the training sessions were interactive, hands-on and participative.

Outcome: The students developed clear understanding of key Programming & DSA concepts and learnt smarter approaches at analyzing real time problem statements and developing optimized, lean and scalable coding solutions.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
