A Report on 'PEGA Boot Camp'

Event: Pega Certified System Architect Training

Date(s): 31st July – 5th Aug, 2023

Resource person(s): Resource persons from Talent Sprint, Hyderabad & Pega Inc.,

Target Audience: IV B.Tech Students (2024 Batch)

(AI & DS/CSE/CSML/ECE/EEE/IT)

Total no of Participants:110

Objectives of the Event:

1. To provide in-depth training on Pega fundamentals to enable students to get certified as Pega Certified System Architect
2. To help students to build applications on the Pega Platform
3. To provide placement opportunities

Detailed Report on Event:

The training was provided to enable students to completed Pega Certified System Architect certification which is a foundational certification for developers and technical staff learning to build applications on the Pega Platform. As a part of the training, students learnt hands on training in use case management, data modelling, UI design, and application security to help them in the Pega certification path. The training involved classroom training, practice sessions and regular assessments for enhanced learning.

With 110 participants, the training sessions were interactive, hands-on and participative.

Outcome: The students completed PCSA-I &II certification and learnt how to build application on the Pega platform. A majority bagged Placement offers in TCS, Cognizant, LTS Mindtree etc.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
