A Report on ICT Academy-Infosys training on “DATA ANALYTICS”

Event: ICT Academy-Infosys training on “DATA ANALYTICS”

Date(s): 18th Dec,2024 to 6th Jan,2025

Resource person(s): Training Team from ICT Academy & Infosys

Target Audience: B. Tech- AI & DS, CSE, CSML & IT

Total no of Participants: 60

Objectives of the Event:

- To provide in-depth training on Data Analytics fundamentals with special focus on real time projects.
- To provide soft skills training for enhanced communicative competence and confidence.

Detailed Report on Event:

The Special Training commenced with sessions on improving the foundational aspects related to DATA Analytics , utilizing techniques like data mining, modeling, and statistical analysis for actionable business intelligence. Students learnt to build proficiency with tools like Python and SQL, while learning to deal with data visualization, data cleaning, and understanding statistical techniques. The training sessions were interactive, hands-on and participative.

Outcome: The students developed proficiency with tools like Python and SQL, Power BI for data visualization, data cleaning, and understanding statistical techniques and developing optimized, lean and scalable applications.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
