A Report on 'HCL Tech- PLSQL/Snowflake Training'

Event: HCL Tech- Upskilling Training on PLSQL & Snowflake

Date(s): 27th Dec -12th Feb, 2026

Resource person(s): Freelance Trainer, Mr. Suresh, Hyderabad

Target Audience: IV B. Tech HCL Tech shortlisted students (2026 Batch)

AI&DS/CSE/CSML/ECE/EEE/IT

Total no of Participants: 91

Objectives of the Event:

- To provide hands-on training on PLSQL & Snowflake with special focus on application development.
- To prepare students for cracking the final hackathon in HCL Tech.

Detailed Report on Event:

The Special Technical sessions on PLSQL & Snowflake were conducted to provide in-depth knowledge of the key concepts. The focus was on helping students to develop hands-on skills so that they are able to build projects on real world use cases. The training involved classroom training, practice sessions and project building, mock hackathons.

With 91 participants, the training sessions were interactive, hands-on and participative.

Outcome: The students developed clear understanding of key PLSQL & Snowflake concepts and learnt smarter approaches at working on real world use cases and developing optimized, lean and scalable solutions.

Feedback & Suggestions: Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
