**A Report on 'COGNIZANT-Specific Training'**

**Event: COGNIZANT-Specific Communication & Technical**

**Date(s):** 4<sup>th</sup> Aug- 20<sup>th</sup> Aug, 2025

**Resource person(s):** Internal Training Team

**Target Audience:** IV B. Tech Students (2026 Batch)

AI&DS/CSE/CSML/ECE/EEE/IT/ME/Civil/ASE

**Total no of Participants:** 904

**Objectives of the Event:**

- To provide Cognizant-specific training as per the latest pattern covering all relevant skill areas.
- To help develop Programming skills with a special focus on logic building and problem-solving skills.
- To help students gain communicative competency and confidence to effectively face interviews

**Detailed Report on Event:**

The Cognizant-specific training commenced with sessions on improving the foundational aspects related to Programming in various languages like C, C++, JAVA, Python as well as the English Language and communication. The focus was on helping students to understand the latest cognizant pattern and develop the required analytical skills, logic building and problem-solving skills to handle questions efficiently. Then, in the subsequent sessions, students were trained in DSA with focus on working on real time problem statements and developing optimized coding solutions. The training involved classroom training, practice sessions and regular assessments for enhanced learning.

Mock interviews were conducted for the shortlisted students by involving the Technical and soft skills trainers as well as alumni.

With 904 participants, the training sessions were interactive, hands-on and participative.

**Outcome:** The students developed clear understanding of key Programming & DSA concepts and learnt smarter approaches at communication their ideas resulting in 110 final selections with 28 students bagging the highest package in the placement drive.

**Feedback & Suggestions:** Participants expressed satisfaction with the quality and relevance of the training and showed readiness to attend more such training programs for better placement preparation.
