Minutes of the Meeting

The following points were discussed in the R & D Committee meeting held on 09-12-2022 in online mode (Microsoft Teams).

1. Dean R&D presented Detailed information about the R&D facilities.
2. Detailed information was given about the achievements of the faculty in terms publications, list of research proposals submitted in various funding agencies. Also presented the number of citations achieved by the institution. Presented number of patents published by various faculty members in academic year 2021-22.
3. Informed that we have conducted the reviews for research proposals under seed money assistance for the faculty. Three proposals were received from various departments and all the three proposals are short listed and granted the seed fund to do their research in the department.
4. **Dr Ramamoorthy** sir suggested to make use of National facilities across the IITs and NITs to avoid the establishment of common facilities in the institute. Advised to establish MOUs with renowned institutions to make use of advanced laboratories. Also suggested some of the faculties to write good books if all the faculty are not inclined to do research. The faculty can be encouraged by reducing the academic load and giving recognitions to enhance their research productivity.
5. **Dr Arockia Rajan** sir attended meeting in offline and appreciated that your faculty is doing good work and achieved many publications and patents. In his opinion, expressed that it is very difficult to maintain common facilities in the institute. He advised to extend the time duration for seed money grant from one to two years to facilitate to extract more expected outcome. Also the amount can be increased 2 lacs to 3 lacs.
6. **Dr Rama Komaragiri** sir suggested that seed money grant can be allocated to interdisciplinary faculty members by combining more departments. Meanwhile the budget spent on seed grant can be used to establish new labs.
7. **Dr Prem Pal** sir suggested to conduct separate meetings with faculty members to know about their ideas to involve in research domain. Also suggested that to seek the feedback from those whoever is not submitting the seed money proposals
8. Principal sir responded for all these suggestions given by the committee members positively.
